About the Coach

My name is Boglárka (Bogi for short), I am both a badminton player and a coach. I fell in love with this sport at the age of 11, and it has been part of my life ever since. This sport has given me so much throughout the years!

I started playing in the city of Szeged, where I learnt the basics of the sport but soon became number 2 in my age group and was selected as part of the national youth team. Having finished high school, I moved to Budapest where I trained very hard in one of the best clubs in the country and within 2 years I became a member of the official Hungarian National Team. Among other achievements, I won a bronze medal at the Hungarian National Championships in singles, but also gained first, second and third places in other tournaments.

At the age of 24 I moved to England, where the whole world of badminton opened up. I had the opportunity to train with players and coaches of the English National Team, I met and played with / against former Olympic medallists, I had the opportunity to play for a French and later an Italian club as a guest player for many years, made lots of new friends, travelled the world and even got paid for it. With my county, Middlesex, we won the English Premiere League more than 7 times in a row! I also won all different medals at Bronze, Silver and Gold tournaments in England.

Right after the pandemic I started visiting Denmark frequently where I had the opportunity to learn the Danish way of badminton, trainings at different clubs, both as a player and as a coach. I even had the chance to train with the famous Viktor Axelsen's former coach! I gained essential and unique experiences there. I also won a gold medal at the ladies singles at an A category tournament, winning against many Danish female players.

I completed my coaching course of BWF nearly 4 years ago, and have been coaching players at different levels, age groups and nationalities ever since, which I truly enjoy, focusing on children between the age of 8-14.

I truly believe that badminton is one of the most fun, hardest, fastest, challenging yet most enjoyable sport of all!

Ballet & Dance with Dance Craze Academy

Hello from Dance Craze Academy (DCA),

We are delighted to be joining Britannica this term to share Ballet and Dance with your children.

Dance Craze Academy is a family-run school founded by Sandra Knibbs nearly 30 years ago. Sandra actively teaches and choreographs alongside her daughter Skylar, son Brooklyn, and long-standing team members Susie and Samantha, who have been with DCA for over 15 years. Each of us brings our own skills and passions, but what unites us is the joy of helping children grow in confidence, creativity, and strength. We are proud to follow IDTA and RSA, two respected international exam boards, ensuring the highest standards of training and education.

At DCA, we offer tap, modern, freestyle, ballet, jazz, drama, singing, music, and musical theatre — and so much more. Our approach is holistic: blending safe technique, injury prevention, posture, musicality, creativity, inspiration, and wellbeing into every class. Children may simply join us for fun and friendship, or progress through international exams and diplomas, with opportunities to perform and celebrate their achievements along the way.

Alongside our weekday programmes, we also run inspiring classes in our [Saturday programme](#) in Budapest.

This term at Britannica, our ballet sessions will include:

- Learning dances inspired by famous ballets such as Swan Lake and The Nutcracker
- Practising basic ballet steps and building strong foundations
- Having a go at creating their own dances with guidance from their teachers

We are excited to bring Ballet to Britannica this year and look forward to welcoming your children into our classes.

Warm regards,

Sandra, Skylar, Brooklyn, Susie & Samantha
