2023. november

Dear Parents!

The basis of the successful operation and high-quality service of our company, Delirest Hungary Ltd. is to maintain the best possible relations with our Guests and Partners and to exchange information as efficiently as possible. This is a process that can never be perfect, but now we are taking another step in this direction, based on your request, and we are launching a monthly newsletter about ourselves for you.

Our aim is to send you a short monthly letter to inform you about the events and achievements of the past month concerning our company and services, and to present you our developments and events planned for the coming month or period.

In my first letter, allow me to introduce the Delirest Britannica team. Lunch is prepared by Zsuzsanna, with the help of Angéla and Aniko, who also help with serving lunch. The delicious salads and sandwiches are prepared by Anita and Tünde. Students and staff members can meet Lilla in the café, and she also handles all the administrative tasks in the background. I myself am Csaba Terebesi, the manager of the restaurant and kitchen.

Our regular guest chef is Khudir, who prepares Indian dishes once a month with great success.

At the suggestion of parents, we have increased the number of three soups per week to five, now soup is available every day, as the cold weather sets in. Also at the request of parents, photos of the meals are taken daily and can be accessed via the school's official newsletter.

I would like to ask you to continue to inform us of any changes in your children's eating habits or new food intolerances through the school office, so that we can prepare the most appropriate diet with the help of our dietician.

Please continue to contact me with any questions or suggestions you may have.

Kind Regards,

Terebesi Csaba
Manager
